After all, you'll all have plenty more money than ever before! Just follow the plan and you'll win!

Just so you know you're in safe hands however, I'll give you a very brief run down of what I'm all about....

- # I started online back in 2005' – I built an html PLR site, self taught
- # Reached number 1 for “wealth tuition” mostly stayed 1st for 13 yrs
- # Built a WordPress University – held 1st place on Google - 18 mths
- # Experimented for years with internet marketing opportunities P/t

- # Got into designing websites, self taught and became a Semi-pro
- # Started designing wealth creation courses, to start wealth tuition
- # Covid-19 struck – saw an opportunity – dropped everything fast!
- # Nearly every job I excelled in was because I was *never a quitter*
- # Pro - Telemarketer / D.J / Car Salesman....a light bulb moment!!
- # Didn't take a rocket scientist to see...the whole world is a market!
- # Being an empath, I saw an opportunity to put things right and win
- # Businesses could revive, lives be saved and economies recover
- # Boom! The law of vibration and attraction led me to the software
- # I immediately developed a website or two and created the plan
- # What you have, is an opportunity that's free to work, yet priceless
- # Many individuals don't see years of frustration, to design a plan
- # Yet, I wanted this plan to be really easy for you, nothing complex
- # It also needed to be Free to do, after all so many are broke right?
- # So what you get is a simple plan, a plan that works for everyone
- # A little setup to start and you're in business, helping many others
- # Let's discuss the website's that work for you, while you sleep!

- # Let's get down to the nuts and bolts of this easy to run business

WHAT WILL I BE DOING?

- # Does sending emails sound easy to you...it's gotta be right?
- # Business setup is one time only...it's not hard but it's necessary
- # Spend a few hours perfecting the setup, before starting the plan
- # If at this point you're one of those who says "well forget that"!
- # Sorry...being above J.O.B is not for you...go back to mediocrity!
- # Sounds harsh right? Let's face it lazy people are always broke!
- # They're the ones that are always borrowing from *you* right?
- # As I said...**this is not hard**. You're going to love how easy this is
- # Yet...if you can't invest 2 to 3 hours in your future, you're J.O.B
- # The hard work's done for you, **DFY websites** & designer **Emails!**
- # I've spent over 300 hours, making this ***easy for you to operate!***

COVID-19 RECOVERY

- # The best opportunity ever. **People need this service..right now!!!**

SO...LET'S GET YOU STARTED!

- # Does **six figures** sound good to you? Maybe for some, **even 7?**
- # You heard right. You see I'm already working on the Franchise
- # Want 7 figures from this? I'll teach you how to make **7 figures!**
- # If you wish to take this option & get rich and why wouldn't you?
- # You'll be managing a small team, 10 staff from an office or home
- # **We're launching that program soon...for now...we're makin' ca\$h!**
- # If you can, best to start this when you have a few hours to spare
- # Best there's no distractions and to get all steps completed now
- # If not, write down where you're at, take a screenshot / bookmarks
- # As I said...it's easy, though setup is necessary...**let's get started!**
- # Before setup, let's just show you the power behind this plan...

HOW THIS PLAN TICKS THE BOXES!

Purpose To enjoy what we do in life, we have to have purpose. Your purpose in finding and using this plan is two-fold.

1. Help business globally to recover from Covid-19
2. Prosper from this spiritually and financially \$\$\$!

Passion To enjoy what we do in life, we should have passion.

Better to sleep at night, with a sense of achievement. You're not just saving lives, you're saving economies!

Power A great asset it is to have the power to change lives! As an official **Agent** of **Contact Free Agency** you have the power to help those who just can't take any more.

Many never recover from the psychological pressure. It's too much. They leave behind many loved ones. Damage **Covid-19** has done is irreparable for many.

Why not dedicate some time to **our planet's future**. We **can** make a difference. My company gives **10% to charities** around the world, to **assist in recovery!**

We urge you, whether it be part or full time, please consider donating 10% to a charity of your choice!

THE CFA FAMILY JEWELS!

Choice We live in a busy world where flexibility is important. Our Agents can choose their hours P/T or Semi F/T.

Part Time Working from home P/T helps with holidays, car etc. Even the minimal conversion rates below are great! Below is just one example of potential P/T earnings.

These results can be improved with better marketing. We continually test & provide you with improvements.

For all examples; some numbers are slightly rounded. This way, It's easy to show you how to get your R.O.I. With My Saas Agency, you're only investment is time.

Initially, you'll need up to 30 days to see first returns. If you're the impatient type, this may not be for you. After the first 30 days, your returns will start to build. Sales from previous months will start to flow through.

The more hours = the better conversions = more \$\$\$

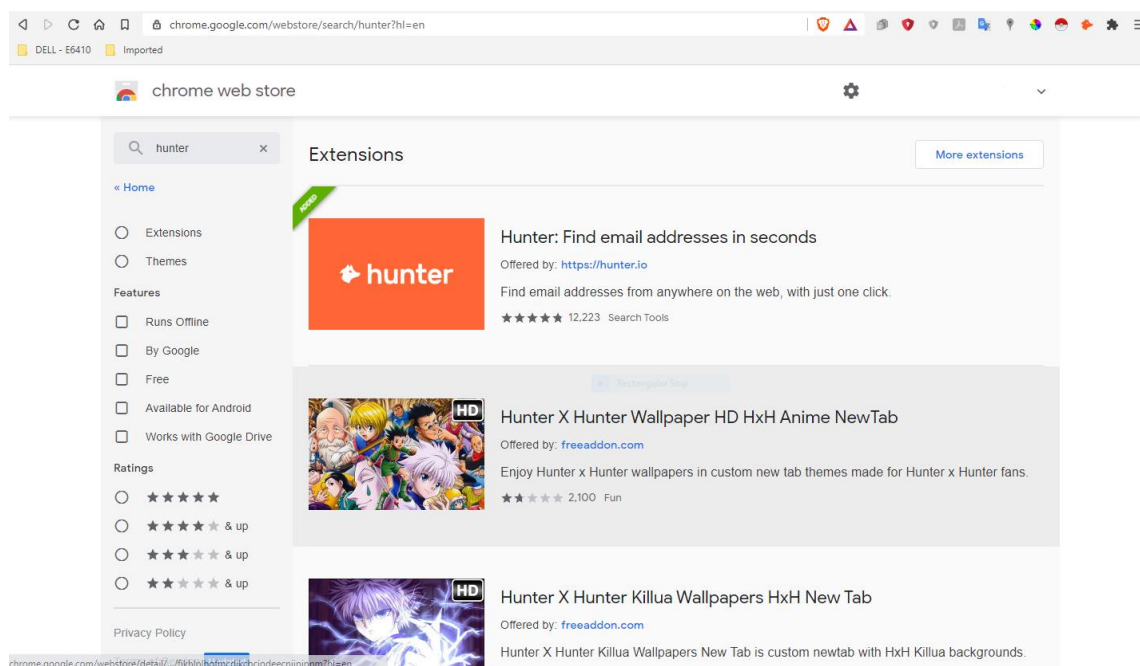

My advice; start Part Time...learn the business first!

Semi F/T Earn more, working from home Semi F/T or even F/T Even minimal conversions means awesome income!

The more hours = the better conversions = more \$\$\$
Let's discuss how to build a mailing list...starting free!

STEP 1 ~ HUNTER.IO

- # Go to Chrome Extensions to add the Hunter.io Chrome Extension
- # Click this link to [Chrome Web Store – Extensions](#) - or Google it
- # Search for the Chrome Extension – by entering Hunter in ‘search’
- # Your result should show something like the image below

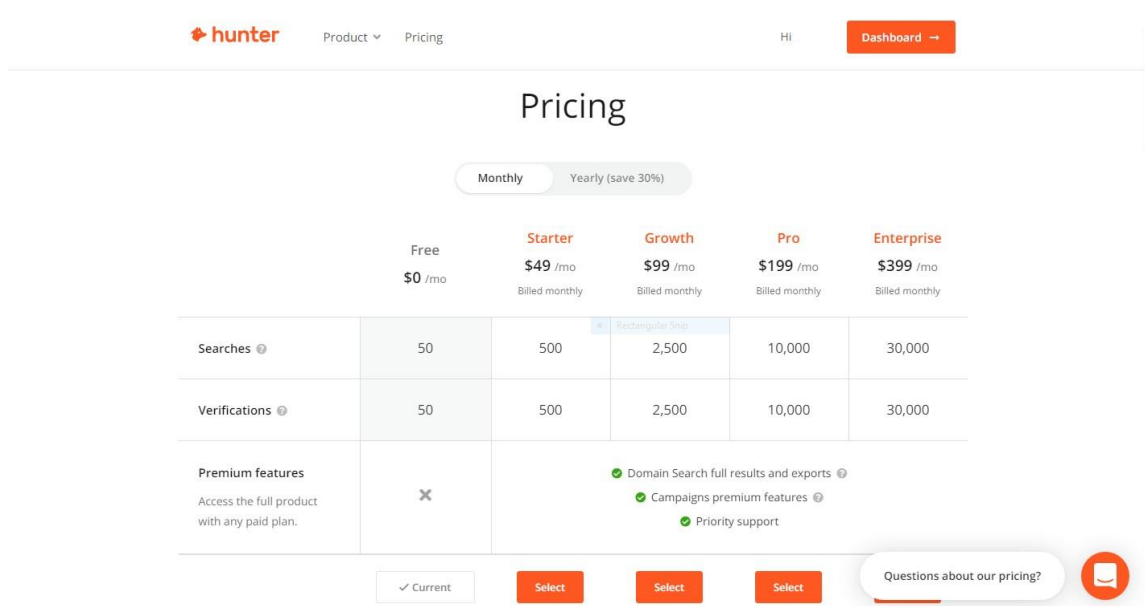

STEP 2 ~ HUNTER.IO

- # Confirm your Free Membership by email, for joining [Hunter.io](https://hunter.io)
 - # There are various **price plans** to choose from – (Image Page 4)

-

- # **Agents semi-full time**, and also **most p/t** will need the **Starter plan**
 - # Your 1st client will pay for 6 mths to 1 yr of the plan you choose!
 - # Remember: A good rule for success is to pay for your tools first!
 - # If you do this, *before spending profits*, your business can *thrive*!
-

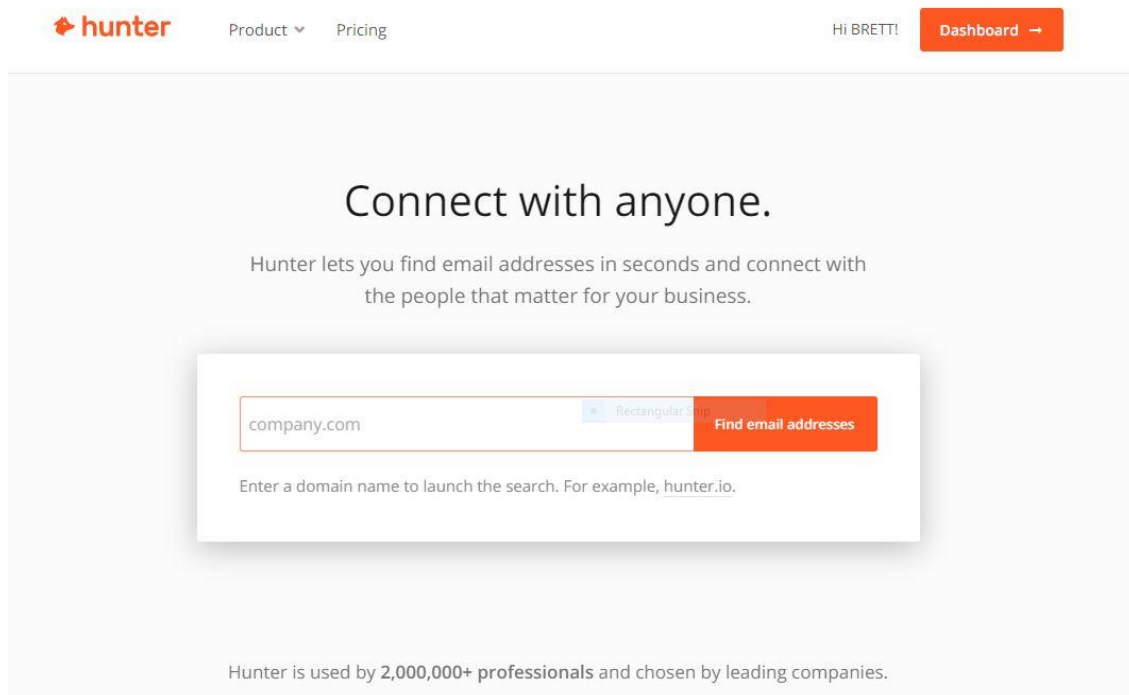

- # **Agents** who are **full time** can choose the larger **Growth plan**
- # That's because you'll conduct about 1,700 searches a month
- # A *maximum* of 10 searches per hour = 10 X 40 hours p.w = 400
- # 400 Hours per week x 4.333 weeks = 1,733.2 searches p/month

The screenshot shows the Hunter.io Pricing page. At the top, there's a navigation bar with the Hunter logo, 'Product' dropdown, 'Pricing' link, 'Hi' greeting, and a 'Dashboard' button. - # Copy and paste the **website URL** of your **first record** into **search**

Copy & paste only **validated** email addresses into your **database**

You'll need to create extra columns for **email**, if they don't exist

Click on the 'column' called **F** which is **Phone** (see *image below*)

Click 'Sheet' in menu > **Insert Columns > Insert Columns Before**

You'll see a new **F** appear, a column that's blank with no records

In the very top column you'll need to enter the word **Email - 1**

Repeat this process until you have **3 columns** for emails

Name the second column **Email – 2** the third column **Email – 3**

Great...now you've got space for up to **3 email address contacts**

You shouldn't need any more than 3 columns for email contacts

More than 3, just tag them to the end of the last Email – 3 record
